OSHA® Training Institute Education Centers

Mid-America OSHA Education Center

Safety Professional Certificate Program

Mid-America OSHA Education Center is pleased to present the **Safety Professional Certificate Program (SPCP)**.

Individuals completing this program will be recognized by their peers as having achieved a superior safety education. This program is designed for personnel, and their supervisors, who are responsible for safety and health audits in construction and general industry environments.

As a Safety Professional Certificate holder, you will...

- ✓ Continue your professional development in a growing and changing field!
- ✓ Increase your awareness of changing Federal Regulations!
- ✓ Be recognized and respected as a Mid-America Safety and Health Professional!
- ✓ Enhance your chance for advancement by demonstrating your proficiency and commitment as a Safety Professional!

Individuals can concentrate in either the Construction, General Industry or Health Care Industry Safety with no time limit to take the courses.

Becoming a Mid-America Safety and Health Professional benefits all parties involved -- you, your employer, your co-workers, the Safety and Health Industry, and the public!

***Applications can be found inside, as well as online at* www.midamericaosha.org.**
